

PHILOSOPHY

My philosophy is that children at this age love to learn within play. I want the children to explore in subjects like sharing, team play, numbers, letters, shapes. To do this, I present tools to help them gain knowledge while having fun.

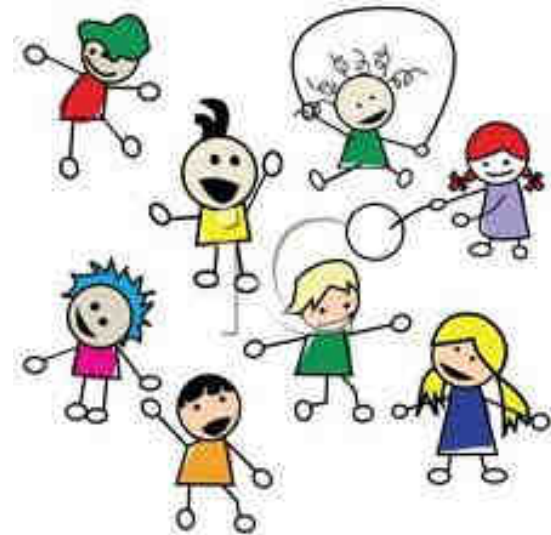

Cobb School Philosophy

Cobb School's philosophy is to provide developmentally appropriate programs for all children; to foster the development of emotional health in each child; and to stimulate each child's natural interest in, and enjoyment of, learning.

Pre-School

For children who are age 3 by September 1, of enrollment year.

Cobb School
